OBJECTIVE

Aspiring Java Developer with hands-on experience in Java, JSP, Servlets, JDBC, MySQL, HTML, CSS, and JavaScript. Seeking an entry-level software development role where I can apply my technical skills, problem-solving abilities, and continue learning while contributing to impactful projects.

EDUCATION

Shri Ramswaroop Memorial College of Management ,	
Bachelor of Computer Applications (BCA) UG,, CGPA-8.23	2023 - 2026
Marwari College Bhagalpur, 12th(PCM) Percentage-70.8	2021 - 2023
G.M.V High School Antichak , 10th Percentage-78.6	2019 - 2021

PROJECTS

DeskSavvy Office Management System	Live Demo
- Developed a web-based office management system using Java, JSP, Servlets, JDBC, and MySQL. - Implemented employee management, leave management, authentication, and admin functionalities. - Built responsive user interfaces and integrated MySQL for secure CRUD operations. Technologies: Java, JSP, Servlets, JDBC, MySQL, HTML, CSS, JavaScript.	
Lab-Tech Library Management System	GitHub
- Developed a Java-based library management system to automate book and member management. - Implemented book issue/return, user authentication, and inventory management features. - Integrated MySQL using JDBC to manage library records efficiently. Technologies: Java, JSP, Servlets, JDBC, MySQL, HTML, CSS, JavaScript.	

INDUSTRIAL TRAINING

Analyze Infotech, Lucknow	Analyze Infotech, Lucknow
June 25, 2024 – August 10, 2024	June 10, 2025 – July 28, 2025
Web Development using Java	Software Development Using Java (Full Stack)

SKILLS

TECHNICAL SKILLS

- Programming Languages:** Java, C, Python(Basic)
- Web Technologies:** HTML, CSS, JavaScript
- Database,Backend:** SQL,MYSQL, JDBC, Servlet
- Tools** Git, Github, VScode, NetBeans

SOFT SKILLS

- Attention to Detail, Analytical Thinking
- Communication Skills
- Time Management, Quick Learning Ability
- Concepts** OOPS, DBMS, MVC Architecture

CERTIFICATIONS

Analyze Infotech	2024	Web Development using Java	Credential
Analyze Infotech	2025	Software Development Using Java (Full Stack)	Credential
TCS iON	2026	AI and Cybersecurity Awareness	Credential

ACHIEVEMENTS

- Developed two complete Java web applications using JSP, Servlets, JDBC, and MySQL.
- Successfully completed two industrial training programs in Java Full Stack Development.
- Demonstrated proficiency in SQL queries and database management concepts.
- Built responsive web applications following MVC architecture.
